

S.T.S. LORD NELSON

S.V. TENACIOUS

SAFETY & ENVIRONMENTAL PROTECTION POLICY

The Jubilee Sailing Trust (JST) has established a Safety Management System (SMS) which includes the following objectives:

- To provide for safe practices in ship operation.
- To provide for a safe working environment.
- A commitment for the prevention of pollution.
- To establish safeguards against all identified risks.
- To continually improve the health, safety and environmental management skills of personnel ashore and aboard ships.

JST will achieve SMS objectives through the following measures:

- Establish documented procedures for safe operation and the maintenance of a safe working environment.
- A commitment for improving health and safety performance and the prevention of injury of shore-side and vessel personnel.
- Conducting drills and training to ensure that personnel are prepared for emergencies related to safety and environmental protection.
- Conducting both shore-side and shipboard audits to determine effectiveness of the SMS.
- Annually reviewing the SMS objectives and targets.
- A commitment to operate in compliance with applicable legal requirements, mandatory rules and regulations, and other requirements to which JST subscribes.

The JST Safety Management System and Safety and Environmental Protection Policy will be implemented and maintained at all levels of the JST organisation, both ashore and afloat. The Jubilee Sailing Trust is committed to continual improvement on the effectiveness of the Safety Management System, annually reviewing and evaluating this policy, Master's Reviews, audit results and Management Reviews for continuing suitability.

Copies of this policy are posted on the JST website, all owned/operated vessels, and throughout the office. All employees are expected to comply with safety and pollution prevention regulations and procedures at all times, and to take the necessary precautions to protect themselves, their colleagues, the trainee crew, the ship and the environment.

Signed: 

Duncan Souster,
Chief Executive Officer, Jubilee Sailing Trust Ltd.
