

Chief Engineer (Onboard)

We are looking for a positive outgoing person to join our team working on our Tall ships Lord Nelson and Tenacious. You will become part of a charitable Trust which gives people of mixed abilities the freedom to explore their ability, potential & place in the world through inclusive adventures at sea. Yours will be a key role in delivering this.

Our beliefs:

- Freedom - We believe that everyone should have the freedom to live their life as they wish
- Tenacity - We believe in the power of a determined and courageous attitude to overcome anything
- Community - We believe in the power of a diverse, accepting and respectful community that safely nurtures and helps each other grow
- Exploration - We believe that exploring can help us see potential, not limitations and give us a fresh perspective on our place in the world
- Responsibility - We believe that to progress whilst protecting ourselves and our environment, we must take risks but never be reckless

Location: Worldwide

Pay: Salary **£30,475 per annum** based on 165 days leave
Temporary daily rate: **£148.00 per day (Gross)**

The Position:

The Chief Engineer is responsible for the efficient operation, repair and maintenance of all mechanical and electrical machinery and associated equipment onboard the vessel.

Your responsibilities would include:

- General upkeep of the engine room, pump rooms, steering gear compartments and storage areas
- Part of vessel inspections
- Bunkering operations
- Assisting with organising maintenance and repairs
- Running the ship's bar and ordering stock

Skills Required:

- Excellent communication and leadership skills
- Excellent organisational skills
- Prior experience of sailing square rig sailing vessels (beneficial but not essential)
- Excellent customer service
- Fluent in English

Jubilee Sailing Trust, 12 Hazel Road, Southampton SO19 7GA
Website www.jst.org.uk

Patron: HRH The Duke of York, KG · Registered Charity No: **286487** · Registered in England and Wales

Certification Required:

- Minimum UK MCA Yacht 4 or SMEOL (Senior Marine Engine Operators Licence) although higher engineering qualifications would be preferred
- **ENG1 Seafarers Medical Certificate** - A ENG1 Seafarers Medical Certificate is a requirement for working onboard our ships, however we can assist the successful candidate with obtaining the required medical certificate if not already held.
- **DBS Certificate (Disclosure and Barring Service)** - A valid DBS certificate is a requirement for working onboard our ships, however we can assist the successful candidate with obtaining this if not already held.
- **STCW Basic Safety Training** is an essential requirement for working onboard our ships, however we can assist the successful candidate with obtaining the required courses if the following courses are not already held:
 - Personal Survival Techniques (PST)
 - Personal Safety & Social Responsibilities (PSSR)
 - Elementary First Aid (EFA)
 - Fire Prevention & Fire Fighting (FPFF)
 - Proficiency in Survival Craft and Rescue Boats (PSCRB)
 - Advanced Fire Fighting (AFF)
 - Bridge Team Management
 - Human Element Leadership and Management (HELM M)
 - Proficiency in Medical First Aid (MFA)
 - Proficiency in Designated Security Duties (PDSD)
 - Ship Security Officer (SSO)

Person Specification:

- Willingness and ability to be flexible
- Ability to get on well with a wide variety of people and work as a team
- Strong work ethic
- Dependable
- Positive attitude
- Self-motivated
- Responsible
- Ability to work well under pressure, continually striving to improve for our community
- Must work effectively to resolve issues
